

Meet & Match

BIOVALLEY TRINATIONAL

New cellular models and their application
in the human body

11th of June at the Hotel Hilton, Strasbourg, France

PROGRAM

9:30 REGISTRATION

10.00 Words of Welcome (Mona Boyé, PhD, Alsace-BioValley, Caroline Ref, BIOPRO Baden-Württemberg GmbH)

10.20 Key Note: Dr. Karin Benz, **NMI**, Reutlingen, Germany, « *Cartilage repair by chondrocytes and mesenchymal precursors: concepts and therapy options* »

10.50 Key Note: Prof. Dr. Jochen Utikal, **DKFZ / Universitätsmedizin Mannheim**, Germany
« *Differentiation of induced pluripotent stem cells (iPSCs) into cutaneous lineages* »

11.20 Prof. Dr. Philippe Henon, **CellProthera**, Mulhouse, France <http://www.cellprothera.com/>

11.40 Prof. Dr. Katja Schenke-Layland, **Fraunhofer IGB, Stuttgart / Uni Tübingen**, Germany
« *Strategies in Tissue Engineering and Regenerative Medicine* »

12:00 Introduction of **AFSSI** (French association for service and innovative companies) and its collaboration with Alsace Biovalley
<http://www.afssi.fr/>

12:15 LUNCH

EVENT ORGANISATION:

BIO PRO
Baden-Württemberg GmbH

13:50 Dr. Jérôme Chal, Laboratory of Prof. Olivier Pourquié, **IGBMC/ Faculté de Médecine Strasbourg**, France
« *Strategies to differentiate skeletal muscle progenitors from pluripotent stem cells* »

14:10 Dr. Steven James Kellner, **MedCell Europe**, Münchwilen, Switzerland
« *Present and future therapies of diabetes with adipose derived stem cells* »

14:30 Dr. Richard Bouaoun, **Defymed**, Strasbourg, France
« *Development of a new model of islet macroencapsulation – the MAILPAN®* »

14:50 Dr. Cornelia Lee-Thedieck, **Karlsruhe Institute of Technology**, Karlsruhe, Germany
« *Tailor-made nanostructured and elastic biomaterials for hematopoietic stem cells* »

15:10 COFFEE NETWORKING

15:40 Dr. Marie Knockaert, **Anagenesis**, Strasbourg, France
« *Pluripotent Stem Cell Differentiation into Skeletal Muscle: Therapeutic applications for muscular dystrophies and other muscle degenerative disorders* »

16:00 Dr. Denis Reibel, **Freudenberg NewTechnologies**, Weinheim, Germany
« *Scaffolene: medical bioresorbable nonwoven technology* »

16:20 Prof. Dr. Puccio, **IGBMC**, Strasbourg University, France
« *The use of iPSC for modeling the cardiomyopathy associated with Friedreich ataxia* »

17:00 COFFEE NETWORKING
